## FILM EXPERIENCE

- On Set:** I have worked on several small productions both as assistant director and cameraman for Blue Stone Films. These productions were for corporate videos, online advertisements, and educational films. I have also been an extra on HBO's hit television series Game of Thrones. I am familiar with most set work and terminology.
- Post:** Whilst working for Blue Stone Films I have edited many short films for both online and broadcast viewing. I also performed media conversion, motion graphics, colour correction, motion tracking and sound design for most edits. I have matchmoved using Boujou and Mocha in both 3D and 2D environments. I am very familiar with the Adobe's HD media pipeline, from importing using OnLocation, to exporting using Media Encoder.
- Skillset:** I am primarily considered as an editor. However I am proficient in most post production work, including match-moving, motion graphics, colour correction, compositing, sound design and DVD authoring. I primarily use Adobe products for post-production, with Premiere Pro and After Effects being my main tools. I am also a graphic and web designer and have completed several websites over the past few years. I am also a photographer, using Canon DSLR's. I can also operate the Sony EX3.

Oliver is artistic, has great creative flair and shows a keen and enquiring eye for detail. As a former Series Producer BBC TV I have no hesitation in recommending Oliver as an individual of great integrity, who will add significant value to any film production."*

## EXTRA INFORMATION

- Personality:** I have an outgoing personality and am always up for any challenge. I enjoy meeting new people and having a good laugh. I don't mind working long hours as long as I am doing something I love. I would consider myself to be a creative individual who has good problem solving capabilities. In relation to design, I find myself being somewhat of a perfectionist, obsessing about the smallest details. I just want to create work that people can enjoy, that makes a difference, that I can be proud of.
